AUTOMATIC VENT OPENER 2026

Automatic Vent Openers

Small Detail, Major Difference

In greenhouse operations, consistent climate control is everything.

Automatic window openers are one of the simplest yet most impactful investments your customers can make to protect plant quality and optimize growing conditions.

With a one-time installation, the greenhouse becomes self-regulating – maintaining optimal ventilation without any manual effort.

- No daily checks. No risk of overheating. No forgotten windows.
- Just a stable, controlled environment that supports healthy plant growth.

Backed by Real Experience

With over 10 years of hands-on experience in the greenhouse industry, we understand the details that truly matter:

- Real-life installation and compatibility
- Practical performance in different climates
- Small technical nuances that make a big difference

We carefully select products that are not only reliable, but also easy to recommend and easy to sell.

VENTA

SMART, EFFICIENT, AND ACCESSIBLE

VENTA is designed for standard greenhouse applications where reliability and simplicity are key.

Temperature-controlled opening (~17–25 °C)

Opening height up to approx. 45 cm

Lifting capacity up to approx. 14 kg

Smooth and reliable closing mechanism

Fully automatic operation – no electricity required

Supplied with clear, easy-to-follow assembly instructions

Add Value, Reduce Risk

CONFIDENCE

BUILT IN – 5-YEAR WARRANTY

We stand behind the durability of our products by offering a 5-year warranty on the opener body construction.

This ensures long-term performance and gives both you and your customers complete confidence.

Why This Product Sells Itself

Automatic window openers are not just an accessory – they are a problem-solving upgrade:

One of the most affordable improvements with immediate impact

- Ensures continuous, optimal ventilation
- Eliminates manual work and human error
- Protects plants from overheating and stress
- Improves overall crop quality and yield
- Simple to install and easy to integrate

A Product Every Greenhouse Needs

This is not a niche accessory – it is a must-have solution for any greenhouse owner.

Add a high-demand, easy-to-sell product to your assortment – and offer real value your customers will notice immediately.
